Technology Class Descriptions

3D Printing Revolution

3D Printing is reshaping manufacturing in the 21st Century and unlocking the potential for all of us to be "makers." Learn about the technology and see a demo of the library's new 3D printers. Ages 12 and up.

Book a Librarian

From research to tech troubleshooting, get your questions answered. Sign up online at getsmart.pcls.us.

Cloud Basics

Curious about the cloud? Learn the basics of cloud storage and how it can help you manage and protect your personal data.

Computer Basics

Get started with basic computer skills and concepts. Identify the parts of a computer, learn basic Windows functions and use a mouse and keyboard.

Excel: Intro

Get started with Excel and learn the basics of using a spreadsheet.

Excel: Formulas

Learn all about formulas, including math functions, how to update results automatically and calculate monthly payments.

Internet Basics

New to the online world? Learn how to navigate the web using Google Chrome and Internet Explorer.

iPad Basics for 50+

Struggling with a new iPad tablet? Get to know your device with this class aimed at mobile computing beginners. Please bring your iPad and Apple ID login information to class.

Tech Help

Technology got you down? Frustrated? We're here to help. Bring your questions and devices, and dedicated staff will help you with your tech-related problems.

Web Safety

Gain a basic overview of web safety and learn to protect yourself from identity theft and online scams.

Word: Intro

Get an introduction to Microsoft Word and learn how to create and edit documents using basic formatting tools.

NEW! Peer 2 Peer University

Learning Circles are in-person study groups for adult learners who want to explore topics through online courses. These courses are free for everyone.

Learning Circles meet once per week for up to two hours and run for three weeks.
