

Updating and Adding Accelerated Reader Lists

School Librarians:

Pierce County Library will update your AR List on its website once every calendar year, January thru December.

So if you haven't updated your list this year it is not too late!

Call or email **Brianne Hausam at 253-548-3316, BHausam@piercecountylibrary.org**
Give her your name, phone number, e-mail address, and the name of your school and school district.

She will see that your list gets updated on our website. You can check your list online at <http://www.piercecountylibrary.org/kids-teens/kids/book-lists-kids/read-books-ar.htm>

Brianne also adds new schools to the website. To be eligible the school must be within the Pierce County Library service area. Ask Brianne for details.

Parents and Teachers:

For questions about updating your AR list on our website contact your school librarian.

Thank You!
