

# BABY BOOKS to GO

Find more info, book suggestions and other activity sheets at [babybooks.pcls.us](http://babybooks.pcls.us)

## Rhyming Fun

### Pretty Balloons

(Sing to the tune of "Twinkle, Twinkle Little Star")

Pretty balloons in the air,  
Lots of colors we see there.  
Red, and yellow, green and blue,  
Can you see the colors too?  
Pretty balloons in the air,  
Lots of colors we see there.

## Colors

Colors are reflected everywhere. Talking about colors and sorting things by color encourages your baby's sensory and sight development. As vision develops, young children learn to distinguish between colors that are similar and different.

Celebrate colors to connect children to the world around them!

### Ideas & Tips

- As you play, point out the colors of toys, such as a green ball or a yellow truck.
- As you help your baby get dressed, talk about the color of each item of clothing.
- Help your baby sort toys by color, putting all the red toys in one pile, the blue in another, and so on.
- Go for a walk and point out the colors of different things you see, such as red flowers, blue cars, or white clouds.
- Look for different colored items at the grocery store. Can you find a box or bag with a red label? How about a fruit or vegetable that is purple?
