What Do You Suppose?
(make actions suit the words)
What do you suppose?
A bee sat on my nose
Then what do you think?
He gave a great big wink,
And said, “I bet your pardon,
I thought you were a garden!”

Little Seed in the Ground
Little seed in the ground,
Sitting so still,
(crouch down on the floor,
hands covering head)
Little seed, will you sprout?
Yes, I will!
(jump up)

Green Leaf
Here's a green leaf
And here's a green leaf,
That you see, makes two.
Here is a bud that makes a flower;
Watch it bloom for you!

In My Garden by Siv Cedering
In my garden there is
A tiger-
Lily,
A dragon-
Fly,
A pink fox-
Glove
A yellow cow-
Slip,
A queen-
Bee,
And a polka-dotted-lady-
Bug!

I'll Plant a Little Seed
(tune of “I'm a Little Teapot”)
I'll plant a little seed in the dark, dark ground.
Out comes the yellow sun, big and round.
Down comes the cool rain, soft and slow,
Up comes the little seed,
Grow, grow, grow!
(another fun song to act out as you sing)

Things to do Together
• Seed Collection—Gather seeds from outdoors (pine cones, maple seeds, dandelion seeds) and indoors (from fruits and veggies). Sort the seeds by type, size, color, etc. in an empty egg carton. You can play a matching game where you match the seeds with pictures of their fruit/plants or look for seeds in books about trees and plants.
• Grow Nasturtiums—Nasturtiums are incredibly hearty plants and grow very quickly and easily. They are edible in salad (a little spicy) and they have colorful flowers. Plus their seeds are larger so they are easier for little hands to plant. You can get seeds from the grocery store or any home improvement store. Water them regularly and watch them grow!
