From: Neel Parikh, Executive Director

Subject: Staff Longevity Awards

Each year we give Longevity Awards to staff throughout the system. There are many people in the organization who have given over 20 years to the library system. For your information I have attached a list of the individuals who have received awards for 20, 25 and 30 years of service and a brief synopsis of their career with the library system. I thought you would like to see this information.
