To: Chair J.J. McCament and Members of the Board

From: Neel Parikh, Executive Director

Subject: Community of University Place Vision for Sustainability

During the last Board meeting you heard a report from Steve Buter, City of University Place, and Cindy Bonaro, University Place Branch Manager, regarding the University Place Sustainability Plan.

The City of University Place asked that the library support their recommendations. The University Place City Council is scheduled to consider a resolution on the Consent Agenda supporting the recommendations on August 1st.

I have placed this item in the Consent Agenda and by your motion to approve, the Board of Trustees would adopt the recommendations of the Community of University Place Vision for Sustainability for the University Place Branch Library.
